

Support PSHS Field Hockey ~ Become a Booster Club Member Today!

Friends of Sutherland Field Hockey (the Booster Club) is a 501(c)(3) organization of students, parents, neighbors, friends, and fans. It is our goal to help supplement and enhance the field hockey programs at Pittsford Sutherland High School and Calkins Road Middle School by raising money to purchase equipment and clothing and support additional field hockey activities beyond what the school athletic budget provides.

Money is raised through memberships and fundraising activities. By becoming a booster club member, you will help our young athletes have a more enjoyable and rewarding field hockey experience. Competitive sports teams at the school bring a great sense of community and team spirit to the entire student body as the student-athletes gain self-discipline, trust in others, and gain the opportunity to represent their school within a competitive environment.
